

I Am A Republican Because...

- ◇ I believe that all men have certain, unalienable rights, which are granted by our Creator and that the chief end of our government is to preserve these unalienable rights.
- ◇ I believe that Liberty demands the greatest of self-restraint and individual responsibility. As a society, Liberty is the greatest gift we can leave to future generations.
- ◇ I believe in a literal interpretation of the Constitution of the United States and the constitutions of our states, as understood by those who authored the applicable document.
- ◇ I support and defend the constitutions of our states and federal governments.
- ◇ I believe in, and support, a limited government. Our Constitution lays out certain, specific powers granted to the federal government. If a “power” is not granted to the federal government, that “power” remains with the states.
- ◇ I defend all innocent life, the born and the unborn.
- ◇ I support family values, including the historic definition of marriage as a civil contract between one man and one woman, and the rights of the parents to choose and direct the education of their children.
- ◇ I believe free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.
- ◇ I believe government must practice fiscal responsibility and allow individuals to keep more of the money they earn.
- ◇ I believe that the state and federal governments should protect private property.
